Timed Speed Event Goudies Rd. Reporoa 6th Match 2022

This Annual event began in 2018 so 2022 is our 5 year anniversary. Maximum entries of 40 Cars & Bikes were received which shows just how popular this event has become. The weather was near perfect with cloud cover ensuring better air density than previous years, the wind stayed away until later in the day and even then it stayed below 8 kph. These conditions helped for some NZ Landspeed records to be broken.

Entries came from as far as Dunedin & Kerikeri with 5 from Wellington, so there's no doubting this has definitely become a national event. Goudies Rd Reporoa provides a straight of 6km with a certified gradient of less than .025% its timed section of 402.336 m (1/4 mile) is set in the centre. Certified Tag Heuer timing equipment is used in all LSNZ events.

The fastest speed was set by Scott Wilkins on a Kawasaki H2R being 364.5 kph one way and 358.4 kph two way average. This breaks all NZ Landspeed records for wheel-driven vehicles. In early speed runs Patrick Nussbaum recorded an average two way speed of 348.35 kph so he held the NZ Motorcycle Landspeed record for a short time.

The fastest speed by a car was 314.1 (one way) set Durham Thorp in a McLaren 570S twin Turbo V8, his two-way average was 309.9 kph

Walter Rands-Trevor increased his Naturally Aspirated 1050cc NZ Motorcycle record by 1.55kph not much you might think but his new two-way average speed of 323.35 kph breaks the 200mph barrier.

Patrick Nussbaum & Cole Scammel join just ten others in the exclusive LSNZ 200 mph club making the membership now 12.

Chrissi Anderson becomes LSNZ's fastest women in both Car & Bike divisions with 289.1 kph on the Ducati 1198SP and 311 kph in the Lamborghini Huracan Performante.

Huge thanks were expressed by all participants to the Farmers on Goudies Rd that allow this event to happen, and to the organisational work put in by LSNZ President John Seccombe and his small band of Assistants. Many thanks also to Malcolm Clunie and his safety crew for the events management and to all the numerous other volunteers who gave their time to this great days Speed trials.

Mike Wilkins

Vice President LSNZ.
